Stainless Steel Pick Set

Strong, flexible, thin and durable, this set contains the best picking, raking and extracting tools.

The Stainless Steel Pick Set is the ultimate choice for the security professional who wants the very best. The 16-piece set includes 9 picks, 3 tensions tools and 4 extractors, in a genuine leather case. The stainless steel rakes, diamonds, balls and hook picks provide exceptional strength and durability. The stainless steel barb-style extractors are flexible enough to work around obstructions in the lock and strong enough to easily pull the obstructions out. Completing the set are 3 spring steel tension wrenches in various degrees of rigidity.
